Tips for winning the Ryan Christmas Card Competition 2017

- To ensure that **artists' names are legible**, we recommend having a teacher or parent/guardian write the names on the entry forms.
- Please ensure the **class name** is also clearly written on the competition entry
- Finished masterpieces should:
 - Be in landscape orientation
 - Be inside the lines
 - Use bold colours
 - Avoid using reflective mediums such as glitter and sequins
 - Stay away from too much led pencil and blocks of dark colour

RSVP: Given the cut-off date is **25 October 2017**; we suggest a reminder to the artists a few days before, in order to avoid disappointment of an artist's hard work being missed.

I look forward to seeing all of your creative work.

Best wishes

Jane
