

# Investing for Success

**Under this agreement for 2020  
Pullenvale State School will receive**

**\$106,382.00\***

## This funding will be used to

- Increase teacher understanding of and capability to implement the Australian Curriculum
- Support teachers to develop school wide curriculum planning documents (three level planning)
- Facilitate the creation of framework documents for Reading, Writing and Mathematics
- Engage teachers in the analysis of student data sets to inform differentiation of teaching and learning ('Using Data to Evaluate Your Impact' – Visible Learning)
- Facilitate year level moderation using the 4Cs process

## Our initiatives include

- Planning days for English and Mathematics
  - HoC leads year level teaching teams through PSS planning processes
  - Creation of whole school, year level and unit planning documents
  - Identification of skills within each year level for English and Mathematics
  - Develop whole school framework documents for Reading, Writing and Mathematics to support a smooth transition between year levels and to enable differentiation to support and extend learners
- Planning days for other KLAs
  - HoC and EMST leads year level teaching teams through PSS planning processes (Science, HASS, Technologies and Health)
  - HoC leads specialists through PSS planning processes (Japanese, Physical Education and The Arts)
  - Creation of whole school, year level and unit planning documents
- Year level release for data analysis and moderation
  - Teachers work in year level teams to analyse identified data sets
  - HoC leads year level teams through the inquiry cycle to:
    - use effect size data to evaluate progress and growth
    - inform differentiation of teaching and learning
    - target STLAN and EMST support
  - HoC leads teachers through year level moderation using the 4Cs process

## Our school will improve student outcomes by

- Teacher release for planning
  - 22 classroom teachers x 1 day/term \$ 44 000
  - 1 classroom teacher/year level x 3 days/year \$ 10 500
  - 4 specialist teachers x 0.5 day/term \$ 4 000
- Teacher release for data analysis and moderation
  - 22 classroom teachers x 1 day/term \$ 44 000
- Support materials – resourcing and curriculum documents \$ 3 882
